

"JENNY"

*I've got a friend, Jenny, drivin' me insane.
The way she makes me feel, I never can explain.
But when she stares into my eyes... (ooh Jenny)
It's only then I realize... (ooh Jenny)
Love will make you much more bold than wise.*

*Jenny thinks...girls are hotter lovers...
Does anything...to give me a sign.
Jenny thinks...I won't blow her cover...
Does anything...to keep me on the line.*

*Anywhere we go, Jenny, she's got lot's a guys.
Each time she chooses me, it takes me by surprise.
When we're lying on her bed...(ooh Jenny)
Though I know nothin' was said...(ooh Jenny)
Just can't get this girl out of my head.*

CHORUS

*Is that her boyfriend on the phone? (ooh Jenny)
Does he think that she's alone? (ooh Jenny)
Does he know I want her for my own?*

CHORUS

*I've got a friend, Jenny, and we're in my room.
I've gotta make my move, 'cause she'll be, leavin' soon.
...slidin' my hand across her back...(ooh Jenny)
...waitin' to see how she'll react...(ooh Jenny)
It isn't always opposites that attract.*

CHORUS

*Jenny says...her boyfriend has discovered and...
I guess...this might be the end.
Half dressed, we're sculpted by her covers, when,
Jenny says...Can we still be friends?*
